The Bazar is edited with a contribution of tact and talent that we seldom find in any journal, and the journal itself is the organ of the great world of fashion.—*Boston Traveller.*

The Bazar commends itself to every member of the household—to the children by droll and pretty pictures, to the young ladies by its fashion plates in endless variety, to the provident matron by its patterns for the children's clothes, to paterfamilias by its tasteful designs for embroidered slippers and luxurious dressing gowns. But the reading matter of the Bazar is uniformly of great excellence. The paper has acquired a wide popularity for the fireside enjoyment it affords.—*N Y Evening Post.*

WILMINGTON, N. C.

Monday, July 21st, 1873.

The Washington *Republican* says, the New York *World* is among the latest of the conservative journals to add circulation to the lies which have been told about the North Carolina University.—Any one possessed of the least knowledge of the political affairs of the State must know that the University has been ruined by the acts of the conservative party, which has had control of the legislature for years. It is true that its halls are deserted, and that the magnificent grounds show the vandalic devastation of the war; but it is also true that until recently the conservatives have made no effort to repair that devastation. Now they propose to make it independent of the free school system, and place it entirely under the control of the Legislature. We may expect great things from this change, not the least among which will be the enactment of laws providing that the university shall be used exclusively for favored classes.

The Washington correspondent of the Baltimore *Sun*, under date of July 15, makes the following statement:

Hon. Caleb Cushing brought to-day, in the Supreme Court of this District, a novel suit. He sues Thomas Kelley, residing at 815 Fifteenth street, in this city, in the courts, claiming $1,000 damages on the first count and $3,000 on the second. He sets forth that Kelley did wrongfully keep a dog which "was used and accustomed to bank continually by day and night, and that on Saturday, the 12th instant, the defendant did then and there allow the said dog to bark incessantly from early in the day through the whole day and night following, and did thereby hinder and prevent the plaintiff from studying and transacting his lawful business by day and deprive him of his sleep during the night so as injuriously to affect his health and the peaceful use of his poperty." The second count alleges the keeping of the same dog, and that said dog was a dangerous one.

The following is an account in the possession of the War Department of a remarkable case of tattooing on a recent examination by Assistant Surgeon H. E. Brown, at Fort Ontario, New York., in 1871. The man was a sailor, and the work took four years to complete it.—Shortly after his examination he deserted, was captured, and last year was serving out a term of imprisonment on Governor's Island. The printing was in five or six colors, and is described as follows:

1. Right arm—epaulettes on shoulder and just underneath a coat of arms of the United States. On the arm was a full length figure of Britania; and a cocoanut tree. On fore arm a dancing girl; a mermaid; a ship under full sail. On the wrist, a bracelet; a five rayed star, and a devil with a tail and horns complete.

2. Left arm—epaulettes on shoulder; a wreath of flowers extending around the arm, just beneath a sailor; goddess of Liberty; a butterfly; a maltese cross; a naked woman; a ship at anchor, and another sailor holding the British flag. Near the elbow, a basket of flowers; a thistle and a shield. On the fore arm, a crucifix; a woman holding a flag; an Indian temple. On the wrist a bracelet, and on the back of the hand a bundle of flags on staffs.

3. Breast—Eight stars, three ships, a dancing girl, a sailor astride a rum cask.

4. Abdomen—A girl holding a basket of flowers on her head; a negro playing the banjo; a British flag, a sailor on horseback; two crossed flags; two American flags, St. George on horseback, killing the dragon, and a sea serpent.

5. Thighs and Legs—A sailor on topmast of a vessel; a Goddess of liberty astride an eagle, a tree of life; a dancing girl *in puris naturalibus*. Legs—Amphitrite riding in a shell; a whale, another dancing girl; a flower pot; a Highlander; a crucifix; and five dancing girls about the feet.

6. Back—Two women, two ships, a sailor holding a flag, and a large picture of Mazeppa riding the wild horse.

Last year the forests of Wisconsin, Michigan and Minnesota produced over eight hundred million feet of lumber, which was sent to the Mississippi or the lakes. This large product if shipped by railway would require fifty thousand trains of at least fifteen cars each, so that rafting has to be continued to the exclusion of railway transportation.—The portion sent to the Mississippi river floats down that stream, which is intersected by various railways, which bring grain and live stock from the interior, and carry back lumber. It costs about twenty-five cents a thousand feet for each hundred miles to float the rafts down the river, and logs in the raft vary in value from ten to fifteen dollars per thousand. On the railways the average freight is four dollars per thousand for each hundred miles.

First Lieutenant Samuel E. Tillman, corps of engineers, is ordered from the Military Academy, West Point, September 1, to report to Lieutenant George M. Wheeler, corps of engineers, for duty with his exploring expedition.

WASHINGTON NOTES.

According to a decision of the Post-office Department, a request to return, on printed matter, cannot be regarded unless postage is furnished to pay transient rates. A business card on an envelope of a letter is to be considered as a request to return if not delivered.

The Secretary of the Navy and officials of his department are arranging a plan for the proper distribution of the ships in our naval service. Some of them have been repaired, and are now ready for sailing; others are awaiting order, and a transfer of some from one squadron to another may take place.

The Attorney General has decided that the present Commissioner of Internal Revenue has no right to open for readjudication a claim for taxes illegally assessed, adjusted, and settled by one of his predecessors, because, in his opinion, such predecessor erred in judgment, there being no new evidence or facts in the case.

The postoffice agent at Springfield, Mass., where the postal cards are manufactured, sends to Third Assistant Postmaster General each day two sheets of the card board used on that day in printing the cards. It improves every day, but as yet not a single card has been printed in as good a condition and as exact as laid down in the specifications when the contract was made.

The Attorney General decides that no particular form for the presentation of a *bona fide* claim to the Commissioner of Internal Revenue for the refunding of taxes illegally assessed is necessary to prevent the statute of limitation from running against it, but that the presentation of a claim to a collector of internal revenue is not a presentation to the Commissioner within the meaning of the statute.

The Morgan Envelope Company, manufacturers of the postal cards, have intimated that it is their intention to apply to Congress for relief because of their loss, sustained, as alleged, by furnishing a superior order of card board, and by which they lose money at the contract price for printing postal cards. The Post Office Department will oppose such step strenuously, because it is unjust to other competitors for this printing, and it is the fault of the above company alone in not ascertaining the price of good card board when sending in their bids for the work.

About the middle of June the acting Third Auditor, A. M. Gangewer, notified pension agents, by circular, of the abolition of the franking privilege, and instructed them to keep careful and correct accounts of all letters and packages sent by them to the Interior and Treasury Departments on official business, and the amount of postage on matter mailed to each, and to change the amount expended each month on the account current for that month, as per blank voucher to be furnished. Since the 1st instant, the pension agent at Albany, N. Y., has transmitted his vouchers for the last quarterly payments by mail, the postage paid by him thereon being the neat sum of $132. The pension agent at Boston, however, writes to the Third Auditor, General Rutherford, and states that the postage on his returns for the same quarter foots up $135, and that he can send the package by express for $3, thus saving $132. He desires to be informed if he shall send by express. After a conference between the Auditor and the Secretary of the Treasury, the agent was instructed to send his vouchers by express, as suggested. To transmit the vouchers of the agent at New York or Chicago would cost probably $250 per quarter if sent by mail, and it would thus require only a short time to exhaust the appropriation of the office for postage stamps.

From the *State Agricultural Journal*, of the 19th instant, we learn that arrangements have been effected with the Raleigh and Gaston, and Raleigh and Augusta Air Line Railroad Companies, to transport articles for exhibition, and persons visiting the grounds, on the following terms:

All stock or other articles intended for exhibition will be transported to the Fair and return *free of cost*. But stock or other articles changing ownership, or not returned to the original point of shipment, will be charged with freight, and will be retained by the Society until the freight to the Fair has been paid, when they will be at the disposal of the owners. This rule applies to both roads. Tickets to the Fair and return, *with coupons entitling the holder to one admission to the grounds*, will be issued at low rates.

President Jones, of the Fayetteville Road, will transport articles free of cost, subject to the rules laid down by the Raleigh and Gaston Railroad, and will carry passengers from Fayetteville to Sanford and return for $1, making the round trip from Fayetteville to Raleigh, including admission into the Fair Grounds, $2 85.

The authorities of the Wilmington & Weldon, Richmond & Danville, Western N. C., Seaboard & Roanoke and Richmond & Weldon Railroad Companies, have agreed to the same arrangements as those made by the Raleigh & Gaston Railroad. Negotiations are pending with the Baltimore Steam Pocket Company, and liberal rates are confidently expected.

Bad Case.—It will be remembered that about two years ago a young man by the name of Rimer killed his aged mother and threw her on the the fire in her house. The murder was committed with an ax. Her head was terribly mutilated, and she was also severely burned, but quite dead when discovered by the neighbors, who were informed by the young man himself of the fact. He was arrested and committed to jail. He was known to be partially deranged before he slew his mother, but no danger was apprehended from him. He has never had any trial, but was ordered to be sent to the Lunatic Asylum. Application was made for his enterance there, and we believe he was at one time carried to Raleigh, but was turned away on the ground that they had no room. He has been lying in the jail here ever since, and is hopelessly insane. Tuesday Dr. Caldwell was sent for to see him, and on arriving at his cell he discovered that the poor fellow had so lacerated his person as to render a surgical operation necessary. After it had been performed and his hands secured behind, the Dr. left, but was again called to see Rimer who had succeeded in getting his hands loose and tearing asunder his wounds to such an extent as to allow his intestines to protrude. The Dr. administered the necessary attention, but very little hope is entertained of his recovery. It is a crying shame that this man should have been kept here confined in the county jail for the period of nearly two years. If the Lunatic Asylum is too small, it should be enlarged.—*Salisbury Watchman.*

OTTO SCHUTZE,
Observer, U. S A.

SOME young men about our city are wearing thermometers, about two inches long, on the lappels of their coats.

S. HANSTEIN & Co., New York House, 15 Market street, are offering their entire stock of drygoods, clothing, boots and shoes, at New York cost. 1m

WE learn from the Buffalo N. Y. *Courier* that on Thursday last at the Photographic Convention then being held in that city, at an election for officers thereof, Mr. C. W. Yates, a celebrated artist on Market street was chosen one of the Vice Presidents.

THE only chance of getting a suit of clothing, shoes, shirts, &c., at New York cost, is to go to

S. HANSTEIN & Co's,
New York House,
1m 15 Market street.

IT IS very important that voters should understand that if their names be not registered in the ward in which they reside, they cannot vote at the coming election; and all those voters who may have removed from the ward in which they were registered at the last general election into another ward, must register in the ward in which they now reside. They should also remember that the registration books used at the city election in May last are not used for the election that will take place on the 7th of August.

THE cheapest stock of dry goods to be found this side of New York is at

S. HANSTEIN & Co's.
New York House,
1m 15 Market street.

A RATHER amusing incident came under our observation this morning, which we think will do to publish, as real live items are wanting. A young man who had been presented with a watch and chain yesterday was not satisfied with simply a chain, but wanted a charm dangling to it, and after searching dilligently through the house he spied one of the new dog badges and quickly attached to his chain, and walked off feeling very much elated at the improvement made by the badge. It was soon discovered by the family who laughed heartily at the young man, who, by this time, looked rather doggedly, and remarked that he thought that it was a twenty dollar gold piece. Moral.—All that glitters is not gold.

TO MAKE room for a large Fall stock we have reduced our prices, and are now selling our entire stock cheaper than the cheapest.

S. HANSTEIN & Co.,
New York House,
1m 15 Market street.

Mayor's Court.

His Honor W. P. CANADAY, Mayor, presiding.

WALTER CHURCHILL, charged with stealing lead from the "Big Boot."—Judgment suspended until this afternoon.

OBE FULFORD, for cursing and fighting Alice Cowan on Sunday night, was fined $20 and costs.

JOHN PIERSON, charged with cursing and alarming T. Lamb and others, about 8 o'clock on Saturday night, was fined $20 and costs. An appeal was asked for and granted, and a bond given for $200 for his appearance at next term of the Superior Court, and to keep the peace.

JOHN PIESON, for cursing Green Lewis. Penalty and bond as in the other case.

ROSANNA CARTER, charged with disorderly conduct, was, by request of the prosecuting witness, discharged on payment of costs.

NELSON MALLETT and MOSES HART, for disorderly conduct, were found guilty. Mallett was fined $25, and Hart $5.

THE Milton *Chronicle* says that Mrs Mary Wiley, of Hightower, is the oldest lady in Caswell county. She is in her 93d year, and has been a member of the Presbyterian church for years.

THE first crossing of the train on the N. W. N. C. Railroad, over the bridge near Salem, was attended with a good deal of ceremony. A large number of the citizens of Salem and Winston were present.

FIRE.—Saturday night, as Mr. J. A. Mebane and family were at supper, a curtain in one of the bed rooms of his house took fire by being blown on the gas get, setting bed clothing and other articles on fire. Some gentleman in the house finished tea before the rest of the family, and walked out on the piazza to enjoy a pipe, when he noticed what he supposed was charred paper falling out of the window, but took no notice of it as he supposed some one was lighting the gas and had thrown it out. It was soon discovered that the room was on fire and on entering it was found that the bureau, a basket of clothing and the window sashes were on fire.—Had it not been for the timely discovery of the devouring element our city might have been visited by quite a serious conflagration, as the dwelling is in close proximity to other buildings, and at the time of the fire the wind was blowing rather stiff.

THE POST commends to our city railway company the adoption of certain comforting appliances on the street cars that are in use in some other places, about which the Utica *Herald* says: "No machine ever invented in this country has half the accomplishments of the wonderful "bell punch" which now has charge of our street cars.

"The public all know how it keeps the trip account for each car double entry, but few know until some conductor tells now the little bell punch orders smokers off from the rear platform, swears at the horses on an up grade, helps old ladies with big baskets to get seated, waters the horses and reports to the superintendent when the conductor flirts with school girls. Few know that the bell punch does these things, but it can do even more.

"In Buffalo recently one William Robinson, a street car conductor, was brought up for embezzlement. He had appropriated sundry fares and had two cigars and a glass of lager, besides getting his boots blacked at the company's expense.

"Well, the case came into court, and the conductor had his lawyer and his witnesses and his precious character and his emotional insanity all on hand, and was getting along swimmingly until that little bell punch was called. The machine exhibited its method of keeping books, named the men whose fare had been misapplied, gave the number of the saloon where the lager was purchased, gave the residence of the boot-black's mother, quoted law, cross examined the witness, snubbed the judge, charged the jury and swore the hair right off from the conductor's head.

"They are very intelligent and highly educated, those bell punches; but it is not safe to get one mad. Most of our conductors prefer milk punches for every day use."

CORRESPONDENCE.

GREENSBORO', N. C., July 18, 1873.

Editor Post: The opposition to the lease of the North Carolina Railroad has narrowed down to such a condition that it is just now beginning to be known who it is and what it was that has been making all the fuss about the lease.—The only opposition to the lease—the only real opposition—is centered in the town of Hillsboro', where live three of the defunct, old fogy, three hundred years behind the times, Presidents of the Road.

From the date of the charter of the Road down to the moment of this meeting, the North Carolina Railroad has suffered from nepotism, as practised by its Presidents. When the lease was completed, a general free pass snatching was begun. Persons who had been riding on the Road free from the date of its birth, were ordered to the "Captain's office." No longer could they ride free on the Road—hence a general growl, grumble and roar shot out from old bruin's den at Hillsboro'. Not until the free pass system, or the overthrow of the "dead heads" was "fixed," did it appear that General Buford and Major Southerlin were so fearfully ridiculous. Cutting off the supplies of a large number of the members of the "hereditary free pass club," has materially made a difference in Mr. Buford.

"Poor folks," as Major Smith stated at the stockholders meeting in Salisbury, "had to pay their fare, and why should the managers of a corporation like the one in question make distinctions." Is it not time that these distinctions, the outgrowth of a name and family reputation merely, should cease to exert influence with a great corporation?—While these aristocratic "exclusives" are appearing before Judges, suing out writs of injunction, the new management—the lessees of the North Carolina Rail Road—are improving its dilapidatod condition from Charlotte to Goldsboro'. Here is a specimen: The depot that used to remind one of the home of the "Ancient Arrow-maker" in Longfellow's Hiawatha, is now a continued scene of vigor, business, go-ahead progress. The buildings that were once "prison houses" for employes, are now places of comfort and convenience. The whole system seems to have had new life infused into it, and all about the depot you are reminded of the fact that it is a business place. The old regime was supineness, tardiness, and general backward progress.

Take a vote in North Carolina to day, along the route of the Road, and four-fifths of the people will vote to sustain the lease. These members of the "Roman Senate," at Hillsboro', may wrangle and jaw, quarrel and groan, but the people of North Carolina are very well satisfied with the lease that Billy Smith contracted. They did not believe last August that he acted dishonestly, nor do they believe it now.

There is no use denying the fact, it is true that things have improved in the management of the road, all will admit this. Does Mr. Webb court a comparison of the road under its present management, to the way he did things up when he ran the thing? I hope not, for the sake of Mr. Webb, I hope not.

Politics has a hand in this injunction matter; all the old defunct Presidents are Jacksonian Democrats, of the Rip Van Winkle school, and if there is anything they hate it is the word "negro" and these old fogies are sore over the fact, that a foreign corporation leased their idol. Well if it had not been leased, what would it have amounted to in ten years, aye, five years? The "Roman Senators" attempted to enlist popular sympathy by crying out "Foreigners." If General Buford is a foreigner, who are the natives? And then again they further quote sympathy by circulating the rumor that the managers of the Pennsylvania Central and the S. S. Company are all Republicans—Radicals—and their holding the lease will eventually end in ruin, bankruptcy, and total loss to the people of North Carolina. There may be some Republicans in the Pennsylvania Railroad and in the S. S. Company, but this is the first time I ever heard of Gen. Buford, Tom Scott or Wm. Aughert being termed Radicals. I hope that North Carolinians will learn for themselves that all this fuss is being kicked up by a lot of disgruntled, disappointed, ex-Presidents of the N. C. R. R., for their own personal ends and their own narrow-minded purposes.

SPRINGER'S TURNOUT,
Columbus county, July 19, 1873.

Dear Post: Your "Star man" *brags* on his big snake in Friday's issue. I can beat him "all hollow" on the snake question. Yesterday afternoon, I killed a genuine specimen of the rattlesnake species, which measured 5 feet 2 inches in length, and 8¼ inches in circumference, with eight rattles and a button.—He might have had more rattles, had he not paid such good attention to my poultry house for some time past, where I fortunately discovered him yesterday, and gave him the contents of my double barrel gun. Show me the man who can beat our snake.

Yours truly, FEASLEY.

STATE ITEMS.

MILTON has a rooster that hatches chickens.

THE crops on North River, Carteret county, are reported as being seriously damaged.

IT is said that the tobacco crop of Rockingham county is anything but promising.

THE grape crop in the Fayetteville section will be considerably smaller than that of last year.

PITCHING quoits in the streets is a pastime in which the adult citizens of Henderson rejoiceth exceedingly.

THE Henderson *Tribune* says that chickens in Granville county are rapidly dying with something like cholera.

THE U. S. troops stationed at Charlotte have received "marching orders." They will proceed to some point further South.

THE Edgecombe county Insane Asylum is progressing rapidly. The building will contain 16 rooms with a keeper's house attached.

THE Raleigh *News* says: The State Treasurer is now receiving notices from all Life Insurance companies doing business in this State, and his report shows a very large increase of business over that of last year. There never was a time in the history of Insurance in the State that the business was more prosperous than at the present time. The number of companies is on the increase, and also the number of traveling agents for the companies. In every section of the State these canvassers may be found. We believe it is a good thing, and more than glad to record the progress of the business.

NEW YORK, July 21.

The weather is warm and clear.

Additional excitement has been caused in Brooklyn financial circles, by the announcement that Judge Alexander McLue, the largest stockholder of the Brooklyn Trust company, and on whose application it was forced to suspend payment, has, since Mills' death, been transferring his real estate in heavy blocks to his wife, to secure himself from loss in case the company proves insolvent.

The transfers which embraces one lot valued at $300,000, are first made out by McCue to Edgar McCullen, then by the latter to McCue's wife. In addition to the deposits hitherto reported, the United States government had $1,000 with the Bank of New York, N. B. Clement $13,000 and Dr. Bryant $2,500. The more searching the investigation the worse the condition of the concern appears to be. The Secretary, M. T. Rodman denies that he is also a defaulter, asserting that the bonds furnished as security will fully cover the loan to him, from the company, of $31,000.

THE Raleigh *Sentinel* says: "The excursion train returning from Beaufort passed through this city yesterday at about 3 o'clock. The crowd looked dusty and pretty well worn out. From a gentleman who participated in the excursion we learned that it was one of the largest that ever visited Beaufort. He estimated the crowd at 800 to 1,000. He speaks in the highest terms of the polite attentions of Capt. Scruggs of the Richmond & Danville Railroad and Capt. Hancock of the North Carolina—the two conductors in charge of the train and says they did everything in their power to make the occasion a pleasant one to all on board. A very painful accident occurred to a Mr. Nisson, of Salem, N. C., on the down trip somewhere between Raleigh and Greensboro. It seems that Mr. N. had his arm extended so far out of a window that it came in contact with the side of a bridge they were passing and was crushed in a frightful manner.

Arriving at Beaufort, the party enjoyed themselves in various ways, but dancing, fishing, bathing and boat riding were the principal features.—Messrs. Street & Taylor and the citizens generally threw open their houses and treated their visitors in the most hospitable manner. The trip altogether was a delightful one to all concerned. About two hundred of the excursionists were so well pleased with their reception that they remained over another day.

Prospectus for 1873.

SIXTH YEAR.

THE ALDINE,

An illustrated monthly journal, universally admitted to be the handsomest periodical in the world. A representative and champion of American taste.

NOT FOR SALE IN BOOK OR NEWS STORES.

THE ALDINE, WHILE ISSUED WITH all the regularity, has none of the temporary or timely interest characteristic of ordinary periodicals. It is an elegant miscellany of pure, light and graceful literature, and a collection of pictures, the rarest specimens of artistic skill, in black and white. Although each succeeding number affords a fresh pleasure to its friends, the real value and beauty of THE ALDINE will be most appreciated after it has been bound up at the close of the year. While other publications may claim superior cheapness, as compared with rivals of a similar class, THE ALDINE is a unique and original conception—alone and unapproached—absolutely without competition in price or character. The possessor of a complete volume cannot duplicate the quantity of fine paper and engravings in any shape or number of volumes, for ten times its cost, and then there are the chromos besides!

ART DEPARTMENT.

Notwithstanding the increase in the price of subscription last fall, when THE ALDINE assumed its present noble proportions and representative character, the edition was more than doubled during the past year, proving that the American public appreciate, and will support, a sincere effort in the cause of Art. The publishers, anxious to justify the ready confidence thus demonstrated, have exerted themselves to the utmost to develop and improve the work; and the plans for the coming year, as unfolded by the monthly issues, will astonish and delight even the most sanguine friends of THE ALDINE.

The publishers are authorized to announce designs from many of the most eminent artists of America.

In addition THE ALDINE will reproduce examples of the best foreign masters, selected with a view to the highest artistic success and greatest general interest, avoiding such as have become familiar through photographs, or copies of any kind.

The quarterly tinted plates, for 1873, will reproduce four of John S. Davis' inimitable child-sketches; appropriate to four seasons. These plates, appearing in the issues for January, April, July and October, would be alone worth the price of a year's subscription.

The popular feature of a copiously-illustrated "Christmas" number will be continued.

To possess such a valuable epitome of the art world, at a cost so trifling, will command the subscriptions of thousands in every section of the country, but as the usefulness and attractions of THE ALDINE can be enhanced, in proportion to the numerical increase of its supporters, the publishers propose to make "assurance doubly sure" by the following unparalleled offer of

PREMIUM CHROMOS FOR 1873:

Every subscriber to THE ALDINE, who pays in advance for the year 1873, will receive without additional charge a pair of beautiful oil chromos, after J. J. Hill, the eminent English painter. The pictures entitled "The Village Belle" and "Crossing the Moor" are 14x20 inches—are printed from 25 different plates, requiring 25 impressions and tints to perfect each picture. The same chromos are sold for $30 per pair in the art stores. As it is the determination of the conductors to keep THE ALDINE out of the reach of competition in every department, the chromos will be found correspondingly ahead of any that can be offered by other periodicals. Every subscriber will receive a certificate, over the signature of the publishers, guaranteeing that the chromos delivered shall be equal to the samples furnished the agent, or the money will be refunded. The distribution of this grade, free to the subscribers of a $5 periodical, will mark an epoch in the history of art, and considering the unprecedented cheapness of the price for THE ALDINE itself, the marvel falls little short of a miracle, even to those best acquainted with the achievements of inventive genius and improved mechanical appliances. (For illustrations of these chromos see Nov. issue of THE ALDINE.

THE LITERARY DEPARTMENT

will continue under the care of Mr. Richard Henry Stoddard, assisted by the best writers and poets of the day, who will strive to have the literature of THE ALDINE always in keeping with its artistic attractions.

TERMS:

FIVE DOLLARS per annum, in advance, with oil-chromos free.

THE ALDINE will hereafter be obtainable only by subscription. There will be no reduced or club rate; cash for subscription must be sent to the publishers direct, or handed to the local agent, without responsibility to the publishers, except in cases where the certificate is given, bearing the fac-simile signature of Jas. Sutton & Co.

AS A FAMILY PAPER,

The TIMES will have no superior; it will be free from all appeals to vulgar and impure tastes, and may be safely admitted to every domestic circle.

AS A REPUBLICAN JOURNAL,

The TIMES will be devoted, as in the past, to an intelligent and firm support of the Republican Party. Its course in reference to the Tammany Ring, at a time when all the other daily papers in New York obstructed and discouraged its efforts, attests its sincerity in the cause of Reform. The TIMES stood alone in demanding Reform from 1869 to the close of 1871, and there is no sincere and honest proposal for Reform, in any branch of the Government, which will not be heartily supported by the TIMES. But it will not conspire in assisting ambitious politicians or demagogues to reach power under false pretenses. It will not encourage defection from the Republican Party, which is still the party of progress, security and national prosperity.

It will sustain, with all the force and influence at its command, the principles and policy which have rendered that party so justly famous in our history. It will advocate those measures by which the honor, the peace, and the prosperity of the nation can be best secured and promoted, and will constantly study the wants of the people rather than the wishes of the politicians.

THE NEW YORK SEMI-WEEKLY TIMES

Is published every Tuesday and Friday, and contains all the agricultural and literary matter of the Weekly edition, and a full and careful compilation of editorial and news features of the Daily.

Terms of the Semi-Weekly TIMES: One copy, one year, $3; two copies, one year, $5; ten copies, one year, $25—and one extra copy free.

THE PLAINS, FAUQUIER CO., VA., Feb. 6th, 1873.

Mr. C. P. Knight—Sir: The Paint came safely to hand as ordered—two kegs, five gallons each, and three buckets, one gallon each. As practice was slack, I did the job myself. Two weeks, (not constant work,) completed the house two coats. The last coat I applied thick, and it is now generally conceded that for enamel-like hardness, and body, and harmony of colors, there is not a handsomer job in the place. I saved sixty-five dollars by the operation, which is an item just now with Southern people. It should be generally adopted in this State. Any country lad can apply it. I have never dabbled in such stock as testimonials, but I feel so forcibly the great adaptability of your "Enamel Paint" to the wants of our people, in excellency of material, in beauty of color, and in the fact of its being "ready mixed" that I give you free permission, (if it is desirable to you,) to make what use you think proper of this letter.
Very respectfully and truly,
S. McGILL, M. D.

TO THE PUBLIC—It affords me much pleasure to state that in July, 1871, Front Street Theatre was painted inside and out with "Bradley's Patent Enamel Paint," for which C. P. Knight, No. 93 West Lombard Street, is agent, and, to testify to its superiority over any and all other paints for similar uses. In no private dwelling can paint possibly be subjected to the very severe test it undergoes at this establishment, where, during our daily cleaning, soap and soda are constantly applied to it, and yet it appears as sound and fresh as when put on. Of the numerous advantages it possesses over other paints, I will only mention its being mixed and ready for use in quantities to suit purchasers; its quickly drying properties, which saves much time in the execution of work were paint is needed, and its very perceptible tenacity, which imparts beauty and durability to the objects on which it is used. As such I most earnestly recommend it to the merchants and tradesmen of our city, believing it will give them greater satisfaction than they can possibly anticipate.
WM. E. SINN,
Front Street Theatre.

BALTIMORE, April 25, 1873.

CHAMBERSBURG, December 10th, 1872.

Mr. C. P. Knight—Dear Sir:—The paints we received from you have been applied to several of our own buildings and to those of our friends, and have given entire satisfaction in covering qualities, in gloss, and in adaptability to all kinds of surface of material and we cheerfully recommend it, especially to that class of consumers who have to depend upon unknown parties, or painters to mix and furnish materials, wherein we have found the most deception.
Yours, truly,
JACOB STOUFFER & SON.

FROM HON. JOHN WETHERED.

Mr. C. P. Knight:—At the recommendation of a friend, I was induced to apply your patent "Bradley's" paint to my house. I have pleasure in stating that it has proved highly satisfactory, covering more surface than you promised, is more economical, carries better gloss than ordinary paint, and is freer from disagreeable odor.
Yours, Respectfully,
JOHN WETHERED.

BALTIMORE, December 27th, 1871.

C. P. Knight, Esq., Agent for Bradley's Patent Enamel Paint—Dear Sir:—The paint we purchased from you we will cheerfully endorse as the best of any kind we have ever used; its covering qualities is everything desired, drying promptly and with a hard gloss which must, we think, resist the action of all kinds of weather. This is our experience, and we can recommend it with certainty, and intend to use it on all occasions where we desire a good job of work.
Very Respectfully,
EMART & QUARTLEY, 270 W. Baltimore St.
House, Sign and Frescoe Painters.

Mr. C. P. Knight—Dear Sir:—I am very happy to inform you that your "Patent Enamel Paint" has given entire satisfaction. I prefer it to any paint I have ever seen used, and recommend it for durability and beauty as paramount to any other.
Very Respectfully,
R. DICKEY, M. D.

'Unquestionably the best sustained work of the kind in the World."

Harper's Magazine.

NOTICES OF THE PRESS.

The ever-increasing circulation of this excellent monthly, proves its continued adaptation to popular desires and needs.—Indeed, when we think into how many homes it penetrates every month, we must consider it as one of the educators as well as entertainers of the public mind, for its vast popularity has been won by no appeal to stupid prejudices or depraved tastes.—*Boston Globe.*

The character which this Magazine possesses for variety, enterprise, artistic wealth, and literary culture that has kept pace with, if it has not led the times, should cause its conductors to regard it with justifiable complacency. It also entitles them to a great claim upon the public gratitude. The Magazine has done good and not evil all the days of its life.—*Brooklyn Eagle.*
